<p style="text-align: center;"><b>THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE</b></p>
--

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and competitors must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

**A full copy of this Code can be obtained from the Fédération Equestre Internationale, Avenue Mon-Repos 24, CH-1005, Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English & French. The Code is also available on the FEI's website: [www.fei.org](http://www.fei.org).**

## **VERMONT**

**Large Animal Clinic**  
EQUINE HOSPITAL  
1054 Lake Road  
Milton, VT 05468

Emilie Beaupré DVM is a New England native. She is a University of Vermont Animal Science Alumnus and completed her veterinary degree from Colorado State University. Emilie completed her internship at a state of the art equine surgical and medical facility in Northern Vermont called Vermont Large Animal Clinic and Equine Hospital (VLAC-EH). After her internship she stayed on at VLAC-EH as an equine ambulatory practitioner. Her main areas of interest within equine practice are emergency medicine, veterinary spinal manipulation (chiropractic), acupuncture, equine biomechanics and lameness, reproduction, and preventative medicine.

Dr. Beaupré was introduced to endurance in 2007 and has enjoyed being a treatment vet in Vermont and learning about the sport. She welcomes the opportunity to apply her knowledge of emergency medicine to the sport of endurance.
